Clark PTA 2025-2026 Mission Statement:

We strengthen the educational and social experience of every child at Clark Elementary by supporting enrichment during the school day and hosting inclusive activities beyond school hours. We foster a welcoming, connected community, advocate for student well-being, and enhance learning through programs such as arts enrichment, assemblies, library support, and community events.

2025-2026 PTA Goals:

1. Actively grow our volunteer base, increase participation, and increase support of our volunteers through strong communication.
2. Help our community understand the Clark PTA's purpose, goals, use of funds, and interest in new perspectives and ideas.
3. Foster a fun, inclusive, and supportive environment for the betterment of our school, children's lives, and community.
4. Collaborate with local partners and resources to promote food security and stability for all families in our school community.
